## Best Poster Presentation

(Only 4 posters with the highest score are listed)

- Comics and University Library - Do They Match?
- Špalíček: Broadside Prints Digital Library Project
- Shibboleth at Uniform Information Gateway
- Lecture on Information Resources at the University of Liberec

Only textual responses from English speaking participants are listed below.

## What were you pleased most by?

- Organisation - it was really great.
- Great organization and high quality
- The atmosphere, the participants.

## What made you upset and what do you think should be avoided?

- To many presentations and slides in Czech language.
- PPT and text are in Czech mostly.
- In my opinion it would be better if all speaker would lecture in English.

## Papers (topics) & speakers suggestions for the next year

- Repositories/subject-based/how organized in different countries
- Discovery search products/possibilities
- Multilingual information services
- Access to China information (economics, business, statistics, governmental....)
- I recommend all three featured presenters as a clear, interesting and useful presented current (modern) issues in librarianship
- Jane Burke, Karen Blakeman, Sheila Webber, Chris Sherman, Patrick Danowski.....
- Information retrieval, information and knowledge management, data mining, web 3.0...
