# Indispensable tools for research at its best

RefWorks-COS provides tools, data and support for every phase of research, from vetting the first hypothesis to obtaining funding and getting published. All our products are designed to help researchers, faculty and students work at their best and achieve their research goals.

# Find Funding.

## **Funding Opportunities**

A global database, packed with 25,000 records of funding opportunities worth an estimated \$33 billion, COS Funding Opportunities helps you find grants and fellowships, and other monies from both private and public sponsors. **Updated daily!**

# Where does funding come from?

- National governments
- Large Foundations
- Academic institutions
- Societies & Associations
- Corporations

*Funding is becoming increasingly competitive – how can additional funding be found?*

# How do you Find Funding?

- Where to look?
  - Check government websites, (grants.gov, ...)
  - Specialty websites (foundation directory...)
  - Look to smaller sources, niche sources
  - Collaborate, subcontract
  - Even check newsletters of major research universities for suggestions...
  - Look to other countries – not just local resources!

# The Solution

## Use large aggregated sources, like COS Funding Opportunities!

- 25,000 records from international sources and sponsors
- Everything in one place
- We seek out, verify, edit, index and update our database of funding opportunities to make it easy for you to find what you need.

Exactly the same information  
available on: CSA Illumina

Why?

- A much wider audience: students, general staff, government departments, corporations... many more end-users!
- Familiar, flexible searching options with unlimited alerts
- Search for funding at the same time as searching for literature!

Keep  
Current.

## RefAware

This personal, current awareness service, covering over 10,000 sources, provides researchers with immediate access to new research and publications in their field...***all within hours of being posted online!***

# What is RefAware

- ▶ An innovative, *personal* web-based current awareness service
- ▶ Utilizing RSS feeds and a *proprietary web based technology* to access and gather metadata on newly published information which *can* include
  - Bibliographic information
  - Abstract
  - Author affiliation
  - PMID, DOI and other identifying info
- ▶ From thousands of journals and non-peer reviewed sources in a variety of academic disciplines.
- ▶ Feeds from publishers set up by RefAware staff and merged into aggregated service when they are received

# Manage Research.

## RefWorks

A web-based research management tool that allows researchers to .... access, organize, collaborate and disseminate!

- **Compatible with all major browsers.**
- **Seamless links with all major platform.**
- **Store and manage all types of data.**
- **Format bibliographies and manuscripts in over 1,200 styles!**
