

Supporting Researchers and Research

Katharina Baier, European Operations Manager, RefWorks-COS

collaborators

funding

idea

Your researchers need -

citation management

to share references with
collaborators

formatted papers and citations

formatted bibliographies

RefWorks

How?

- Find funding
- Find collaborators
- Connect funding to researchers
- More funding = better research
- Keep star researchers at your institution!

- Import and save references
- Share references with colleagues
- Easily format papers
- Organize the research process
- Keep track of sources
- Facilitate submission of finished papers

Tools on offer

- 3 million profiles worldwide
- 11,500 global funding bodies
- 26,000 active funding opportunities
- Connect your researchers with funding and collaborators
- Organise your workflows by sharing, tracking, sending messages, coordinate submissions etc.

- 800 import filters
- Hundreds of output styles
- Compatible with Windows, Mac and Linux
- All major web-browsers supported
- Compatible with languages that use non-Roman alphabets
- Attach files to a reference
- RefShare
- RefMobile
- RefGrabIt

RefWorks – research organised

The screenshot displays the RefWorks web interface. At the top, there is a navigation bar with the RefWorks logo and a user profile for 'Baier University' with the name 'Katharina Baier'. Below this is a search bar and a menu with options like 'References', 'View', 'Search', 'Bibliography', 'Tools', and 'Help'. A secondary menu includes 'New Folder', 'Create Bibliography', and 'New Reference'. The main content area shows a list of references under the heading 'All References'. Each reference entry includes a 'Ref ID', a title, authors, source, and folders. The sidebar on the right contains sections for 'Resources' (Support Center, Webinars), 'Folders' (My List, Last Imported, PubMed), 'Quick Access' (Advanced Search, Import, Export, Create Bibliography, Delete References, Print References, Output Style Manager, Customize), and 'Statistics' (6 Reference(s), 2 Folder(s), 4 Object(s)).
