Only textual responses from English speaking participants are listed below:

What were you pleased most by?

- Very relaxed atmosphere and as normal very well organised
- The opening ceremony at the New Auditorium
- General atmosphere and good products on display
- Perfect supply with conference materials
- Quality of the speakers and papers
- Understanding the changes occurring in the field and information exchange between participants
- Pre-conference workshop on Blogs in the life of the information specialist. Networking with colleagues.
- Infoconcert, Introduction

What made you upset and what do you think should be avoided?

- The translation
- Long queues at the dining room
- Nothing
- Nothing - though the late timing of my presentation (5 p.m. - last one on Wednesday) meant that many of the potential audience had already left by the end of a long day.

Papers (topics) & speakers suggestions for the next year

- Technical integration of CDs
Management of eJournals
Cross media portals
- Digital Libraries projects
- Medical Digital Libraries
- Free patent databases on the Net
- Education for information professionals
- Overview of science-specific search engines
- Knowledge management, competitive intelligence
- Allan Foster

What is your message/recommendation to the organisers for the next year?

- A Good organisation! Take advantage of your beautiful country. Pay more attention to the translation. Thank you very much for the experience.
- More of the same!
- Keep up the good work like in 2006
