

The Future of Search and Information Retrieval

Build your own eLibrary

Dr. Mechthild Geesen

K. G. Saur / Thomson Gale Munich

More than just a journal aggregator

- Proprietary information on a wealth of subjects
- Efficient, fast and up-to-date electronic reference
- Easy-to-use interface for both experienced librarians and inexperienced library users
- More than 1500 Gigabyte live data
 - Historical documents
 - Articles from reference sources
 - Archived journal articles (9,666 journal titles in total) in over 60 online databases
 - Archived newspaper articles
 - Third party databases (MLA with linking to full text)
 - eBooks

Gale Virtual Reference Library

Take eBooks to the next level of usability

- Gale delivers reference content in a database format.
- It's an interface and delivery system different from any other eBook platform you've ever used...

Your Library...
always open!

Move your reference titles into circulation with this powerful combination of Gale references and eBook delivery.

Content

- + 600 encyclopedias, directories and almanacs
- Continuous simultaneous publication of new content in print / eBook formats
- Content from our various imprints will be included:
 - St. James Press, Macmillan, Scribner, UXL, Schirmer, Lucent and **K.G. Saur**
- Content from third party publishers
 - Sage Publications
 - Wiley
 - Cambridge University Press
 - ...

The future begins now ...

Powersearch

An exciting new research experience that makes it possible for users to search accross their collections of Thomson Gale databases – quickly and efficiently – with a single query.

**Powersearch enables you to Build your own
eLibrary**

Building your e-Library / eCollection

- Powersearch allows your library to build electronic collections based on the subject areas you need
- You can build a collection based on e-journals, e-books or a combination of both
- Powersearch will allow you to search across your electronic collection (eJournals and eBooks) simultaneously
- You only purchase the content you need – make the most of your library budget!

Subject Collections

Subject Collections

- Combination of subject specific **eBooks** and **journals** created from our Custom Journals products
- Custom Journals allows you to build your own online journals database from over 8,360 titles
- You can subscribe to 100, 250, 500 or 1,000 journals. You choose the journals and you can change your selection on a **daily basis**
- Purchase the eBooks you want in the subject areas you need
- Giving you access to the best eBook reference and journal content from Thomson Gale
- Powersearch enables you to search eBooks and journals simultaneously

Select Gale Virtual Reference Library is a database of encyclopedias and specialized reference sources for multidisciplinary research. These reference materials once were accessible only in the library, but now you can access them online from the library or remotely 24/7. Because each library creates its own eBook collection, the content you see may vary if you use the database at different libraries (your school, your public library, or your office). AccessMyLibrary.com

The screenshot shows the AccessMyLibrary.com website. At the top, the logo reads "ACCESS | my | LIBRARY" with the tagline "Search Information that Libraries Trust". Below the logo is a navigation menu with links for Home, Advanced Search, About Us, Contact Us, and Privacy Policy. On the left side, there is a blue box celebrating National Library Week with free access to Thomson Gale databases and an "ACCESS NOW" button. Below that is a section for buying an article. The main content area features an article titled "Improve productivity during a recession" from HR Briefing, dated 12/15/2002. A yellow box highlights a "LOG-IN WITH YOUR LIBRARY CARD" section, which includes a form to enter a zip code and a "Submit" button. Below the form, text explains that a library card allows access to resources with a few clicks.
