ISM is regularly updated and represents the most extensive reference database on the topic of media education in the German-speaking area.

The International Central Institute for Youth and Educational Television (IZI) is a documentation and research facility at the Bavarian Broadcasting Corporation (Bayerischer Rundfunk – BR) in Munich / Germany and one of the co-operating partners of ISM.

To guarantee a wide information dissemination ISM is published in the Internet at www.ism-info.de and on CD-ROM.

www.ism-info.de For further information please visit

Simple Search Expert Search Index Search

The six databases dispose of a common user interface which guarantees easy handling.

The co-operating partners of ISM are German libraries and documentation centres in the field of pedagogy and media studies.

Every partner delivers bibliographic and project information for the ISM database www.ism-info.de according to their own area of collection emphasis. About 60% of the citations are in English.
