# KoBSON - *A good news delivery service!*

In 2001 we established KoBSON  
(Serbian Consortium for Coordinated Acquisition  
of Electronic Resources)

Every year we  
spent more money...

... and had more  
e-journals

But, not enough end  
users

Why

# Naši u WoS

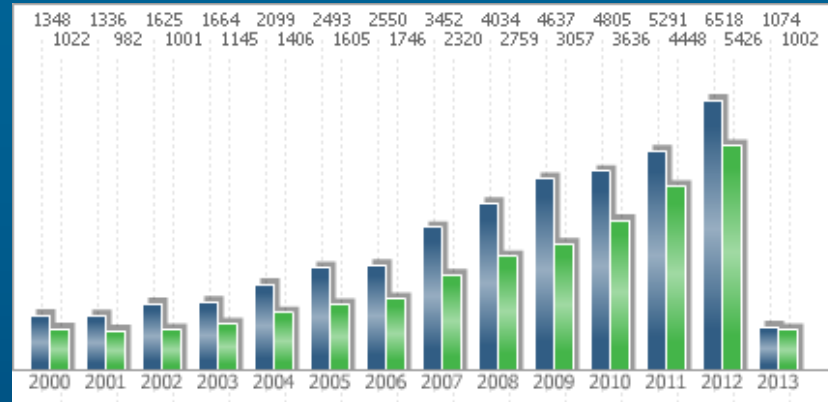

Every Monday we sent a personalized e-mail alert to each author, with support message from KoBSON team and with direct link to our web page

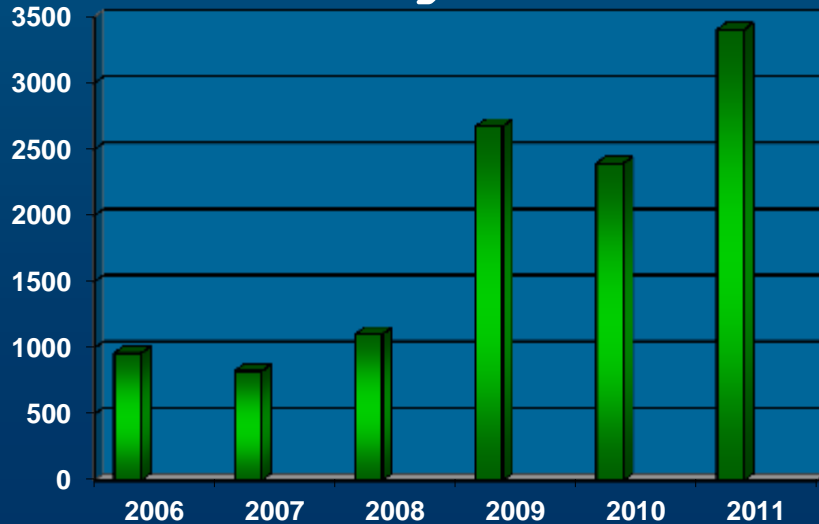

We expected that almost every author would click to see who is behind "the good news delivery", and who are those who take care about Serbian researchers

# And, that really happened!

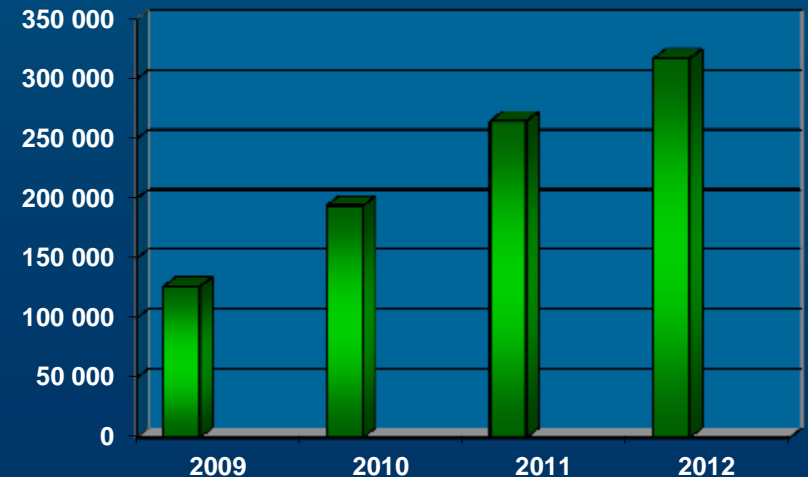

As the number of articles grew

we had more registered users

as well as website visits

We have a lot of users!  
😊

Thank you for  
your attention!
