2012 PROSE Award Winner For Best Online Resource In Physical Sciences And Mathematics

ACCESS Engineering from McGraw-Hill

Authoritative content. Immediate solutions.

- Content from 450+ titles
- Premier, multi-disciplinary engineering content that complements course material
- 3500 interactive tables and graphs to keep students engaged
- 500+ instructional videos that reinforce key engineering concepts
- Ready-to-use curriculum maps highlight content of particular relevance to courses
- Schaum's Outlines to aid students' understanding and help them prepare for the FE exam
- Personalized research tools
- Calculator tools save time and teach complex formulas
- General and discipline-specific newsfeeds updated in real time

Winner of 2012 PROSE award as best eProduct in Physical Sciences and Math

Curriculum Maps Save Classroom Preparation Time

Curriculum Map

Course: Reaction Kinetics

Basic Concepts and Ideal Reactors

Relevant Material	Type	Description
Basic Concepts and Ideal Reactors		
Nomenclature and Units	Table	
Basic Concepts	Text	Summary of basic concepts
▶ Classification of reactions	Text	Concise listing of
▶ Typical rates of enhancement by catalysts	Table	Table 7-1
Ideal Reactors	Text	Summary of characteristics of ideal reactors
▶ Reactions in ideal batch or plug-flow reactors	Table	Table 7-2, summary expressions
▶ Reactions in ideal CSTR reactors	Table	Table 7-3, summary expressions

Targeted, curated sets of resources on essential topics in core courses such as:

- Control Systems
- Engineering Economics
- Fluid Flow / Momentum Transfer
- Heat Transfer
- Machine Design
- Mass Transfer
- Reaction Kinetics
- Separations
- Strength of Materials
- Thermodynamics
- Vibration and Control

- 9,000 articles and research updates from the *McGraw-Hill Encyclopedia of Science & Technology* and annual Yearbooks of Science & Technology
- 115,000+ definitions from the *McGraw-Hill Dictionary of Scientific and Technical Terms*
- 16,000 illustrations
- Bibliographies containing more than 28,000 citations
- Study guides and Q&A
- Content contributed by more than 5,000 researchers, including 38 Nobel Prize winners and over 20 Franklin Institute laureates

Voted 2011 “Best in Media” Winner By *Library Journal*

McGraw-Hill Medical

- Unified platform for 9 digital medical products
- 280+ leading medical titles
- Online only content and updates
- 70,000+ images to aid in visual diagnosis and learning
- 60,000 Q&A for self-assessment and review
- 2,000+ videos for better engagement and understanding
- 600 cases for real-life examples
- 4000 procedures for step-by-step learning
- Drug databases
- Diagnostic tools
- *Custom Curriculum* for course management
- Responsive design for mobile access

ABOUT

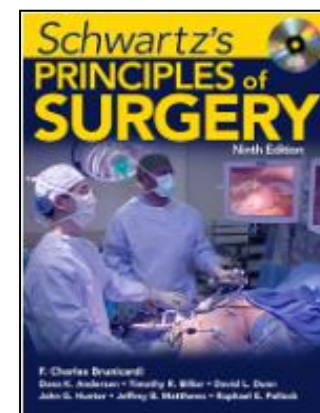

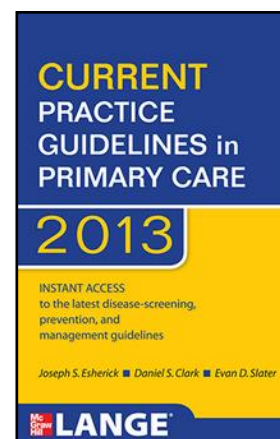

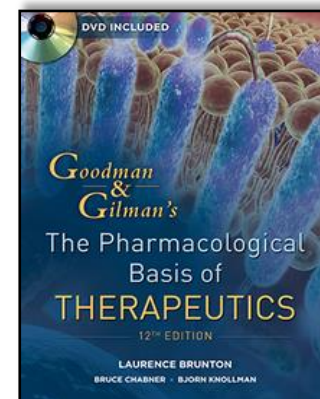

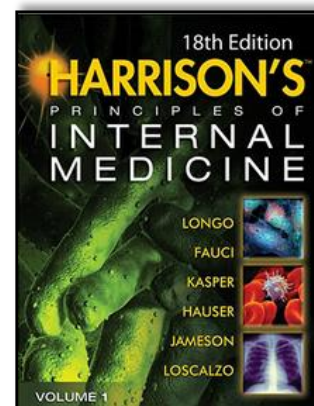

What is ClinicalAccess?

Search

A: Targeted Answers. Better Patient Care.

- A **Clinical Decision Support (CDS)** tool
- **120,000+ Questions** written by the healthcare team on the frontlines based on **experience and actual approach to patient**
- **Targets answers** to questions
- Based on McGraw-Hill's renowned brands and **300K pages** of semantically tagged content developed over 60 years
- **Responsive design** allows access from any device
- Supported by **McMaster Premium Literature Surveillance** Service
- New Q&As continually added to the site – we can **publish a new Q&A in 24 hours** or less!

- **85+ premier medicine books**
- **Educational tools** prepare those at all levels of medical education for exams and real-life patient cases : *self-assessment, cases, multimedia, interactive learning modules*
- **Practice tools** support clinicians at the point of care : *guidelines, diagnostic tests, differential diagnosis information, drugs database*
- The **Custom Curriculum** rotation management tool ties it all together
- **Remote Access and personalized features**

5 preassembled collections with over 2,100 titles

Business (650 Titles)

- Business Skills
- Career Advice
- Entrepreneurship and Small Business
- Finance and Investing
- Human Resources & Training
- Leadership & Management
- Process Management
- Sales & Marketing
- Real Estate

Engineering & Computing (800 Titles)

- Chemical Engineering
- Civil Engineering
- Computing
- Electrical Engineering and Electronics
- Industrial Engineering
- Mechanical Engineering
- Sustainability Engineering

Student Study Aides (420 Titles)

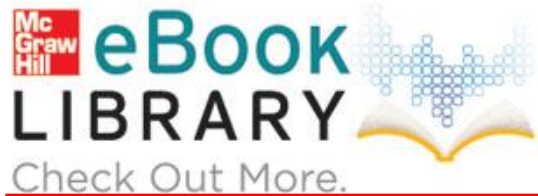

Open University Press (90 Titles)

Medical (130 Titles)

Benefits

Librarians

- Perpetual purchase or subscription options
- 1-4 year subscriptions available
- Track usage
- Competitively Priced
- Guaranteed quality content
- Seasonal title additions at no cost
- Highest quality MARC catalog records by MLS-degreed catalogers

Library Users

- Easily searchable content
- Take notes, bookmark, keep & access booklist
- Connect anywhere through libraries IP address
- Lightning-fast search

Thank you!
